

2019 Board of Director Training Program

Executive Education Programs that target the topics most relevant and important to your organization. Compliance Anchor has brought experts from each topic area to create this comprehensive format available at your fingertips. We deliver our programs to you at your convenience and for one fee no matter the number of attendees. This makes director education far more efficient and cost effective than sending individual directors to off-site workshops. Program can be used out of the box or can be customized for your individual financial institution's needs.

Topics include:

- Compliance Risk Management (14 slides)
 - An overview of the requirements of Compliance Risk Management
